

KW Connect Profile

How to create your profile

Login to KW.com

Hover Mouse over Resources

Then click “KW Connect”

Hover mouse on the top right corner where you pic will go to see popup menu

Select My Profile

By your name, select the link “Edit My Profile”

The “Upload Photo” is for your personal photo. Best size is 500 px x 500 px

The Upload Banner is for the top rectangular banner on your profile page. Best size is 1920 x 313

A great place to create or resize an image is www.canva.com

Or

Go to kw.com>market center intranet>technology>KW Connect to download one

Complete the information such as email, phone, service area, bio, social media, etc.

Select email frequency

That is a personal choice, however I recommend “send me a daily summary of updates”

Make the appropriate choices in the lower section according to what you would like to be made public.

Select “Update”

How to follow people

At the home page in KW Connect, type the person’s name in the search bar (just like you would search for a topic) then to the right of the search bar, select the down arrow on “All Content” to change to “Users”. This narrows down the search. Then “enter” and you will see a selection of agents and staff popup to “follow” or “view profile”. Some ideas are to follow all of our KW DMN staff, Gary Keller, Chris Heller John Davis, Mo Anderson, Josh Team, Smokey Garrett, David Osborn, etc.
